

God's Perfect Law

The Truth about the Ten Commandments

What would a government be without law and order? Well, look around our world today and you will get a glimpse of what that could be. The rise in incarceration, fear of terrorism, rampant theft, indefensible murder rate, failing marriages, international conflict, and perpetual war, are symptoms of the rejection of God's Perfect Law. The entertainment industry have dramatized and sensationalized the corrupt. In all forms and on all levels, we have become desensitized and accepting of that which emphasizes open rebellion against God's Law.

The dismantling of society is the direct result of rejecting God's Perfect Law. However, the issue is not God's *Perfect* Law, it is the *imperfect heart* of humanity. Sinful man is incapable of keeping a sinless Law.

Since the entrance of sin, every effort on the part of humanity to live in harmony with God's Law, has fallen short of fulfilling God's ideal. Yet, the appeal from a loving Savior is, "If you love Me, keep My Commandments." John 14:15 (NKJV).

How can imperfect humans live in harmony with God's Perfect Law? Of ourselves we are incapable and will always fall short of fulfilling God's purpose. The good news is, Jesus provides the *power* through which we can live-up to a standard far superior to our nature. When God's Law is honored, the heart is renewed, the character is refined, and the life reflects the reality that God Perfect Law reveals *God's Perfect Love*.
