Seven Teens and two adults from our Teens Department at Croydon SDA Church have volunteered to participate in this programme and have proceeded to raise funds to cover costs of their flights, accommodation as well as their food.

Reach Divo falls under the Eastern Sahel Union Mission (ESUM) and is part of the Southwest Côte d'Ivoire mission which comprises of 38 Churches with approximately 4,000 members.

The Mission Aim will be to continue the growth of God's Community and to help reach God's children through Education and Medical Ministry. The Teens will be participating in creating clean and safe spaces for learning through classroom refurbishment as well as grounds work at the Bienvenue Au College Adventiste De Divo School. They will be assisting with building construction (foundation) and provide basic resources for distribution at a health centre and reform the tech suites at the school to functioning working spaces for IT classes and community education programmes.
